EXPERIENCE

NASA L'SPACE Program   May 2025 – Present
Proposal Writing & Evaluation Fellow   *Remote*

- Selected as one of the top 5% nationwide for NASA's Proposal Writing and Evaluation Experience (NPWEE)
- Collaborated with 12 others to design a competitive technical project proposal aligned with NASA's objectives
- Led remote proposal development via Zoom, including quad chart creation, scheduling meetings, and leading cross-functional collaboration across engineering, science, and project management roles

BART (Bay Area Rapid Transit)   Apr. 2025 – Present
Project Design & Management Intern   *Oakland, CA*

- Led 3 co-interns in the project design, data analytics, and technical components using Microsoft Office for a modular, scalable BART sustainability initiative comprising a series of themed community events
- Consulted with 10 subject matter experts to design tailored solutions in event marketing and planning aligning with BART sustainability goals and brand guidelines

Product Management Club @ SJSU   Mar. 2025 – Present
Product Operations Educator   *San Jose, CA*

- Developed the "Product Playbook" series of weekly expository technical lectures using Slack and Canva
- Communicated personal tasks and duties to club supervisor and president via Gmail and Google Docs

Software & Computer Engineering Society @ SJSU   Feb. 2025 – Present
Public Relations Officer   *San Jose, CA*

- Collaborated with a 6-person cohort to plan ServiceNow headquarters touring event with industry partners
- Maintained professional correspondence with 30 registered participants via e-mail and social media

Mozilla Responsible Computing Club @ SJSU   Jan. 2025 – Present
Program Management Ambassador   *San Jose, CA*

- Facilitated logistics and professional correspondence for 5 workshop events with 20+ guest panelists
- Created a Jira workspace to delegate funding, contact, and marketing responsibilities to co-ambassadors
- Maintained a working knowledge of internal team functions; reported progress to supervisor weekly

Matthew Quevedo for District 3   Mar. 2025 – May 2025
Campaign Data Volunteer   *San Jose, CA*

- Determined 8 optimal campaign walking routes by collecting GeoJSON data into MapHub projects
- Conducted 20+ weekly cold calls to San Jose households to educate the public about Quevedo's civic policies
